Join Dusty Fredrickson from the City of Spokane Project Management Office for a discussion of lessons learned around implementing enterprise-level applications (buying vs building).

Using the City's recent experience implementing a new Legal Case Management System for Spokane's Municipal Criminal Justice agencies, we will discuss lessons that will help you avoid some of the same pitfalls and inform your own best practices.

Our Speaker: Dusty Fredrickson leads the PMO at the City of Spokane where he works to develop and expand the City's skillsets and tools around Project Management, Continuous Improvement and Business Analysis while PMO team executes the larger, City-wide projects.

The chapter meeting is April 21st from 5:30 pm to 7:00 pm. Cost is free for chapter members and \$5.00 for non-members. Make sure to log in to our website to get your chapter member discount!

This event earns 1 Strategic PDU.
