Pardon our mess! We had a bit of a technical issue with our January event registrations. If you registered for our Tech Talk or Chapter Meeting, please re-register so you can attend. Sorry for the inconvenience.

This was due to some changes made in our Microsoft account and is not a cybersecurity issue at all.

Thanks for understanding and we're looking forward to seeing you!

Humans are Hard, Code is Easy

 January Tech Talk
Speaker: Tom Henricksen
January 17th, Noon - 1pm

January Tech Talk

January 17th, Noon - 1pm

Are you a frustrated developer or project manager who feels like they know enough? However, the success you thought you would have is out of reach. You see others who make better strides but why? Is it a skills gap? Come learn how to set yourself apart as a developer and learn the skills of influence and collaboration.

Our Speaker: Tom Henricksen is a problem-solving technology professional. He has worked in various roles in technology for over twenty years. Tom has learned how to solve

This free virtual event earns 1 Ways of Working PDU.

January's Tech Talk is sponsored by Arch Staffing and Consulting. Thank you so much, Arch!

January Chapter Meeting

January 25th, 5:30pm - 7:30pm

Case Study: Managing a Regional Police Evidence Management and Forensic Lab Information Management System Launch - Project Overview and Lessons Learned

The Spokane Police Department and Spokane County Sheriff's Office share a regional property/evidence facility and a forensics lab. In 2022, the software for the property facility was upgraded to a major new release and a lab information management system was added for improved services and to track chain of custody. Learn what it's like to manage a

Our speakers:

Jamie Wean, PMP

Jamie is a project manager with the City of Spokane and our VP of Operations for the chapter. With a background in managing large and international manufacturing projects, Jamie is highly skilled in streamlining operations and workflows. She has translated that experience into software delivery projects for law enforcement across the Spokane region.

Shawna Ernst, PMP DASM

Shawna is the Law Enforcement Technology and Operations Manager for the Spokane Police Department where she manages all things tech including IT and the digital forensics lab. Shawna has worked in local government IT since 2006 where she focuses on strategic planning, risk mitigation, and innovative service delivery. Shawna is our Chapter's VP of Marketing.

This free virtual event earns 1 Ways of Working PDU and 1 Business Acumen PDU.
